How the Chamber works for you

We call ourselves the Chamber of Commerce, but we prefer to think of what we do as a partnership. As partners in business and community, the Chamber encourages new growth as well as the growth of existing business. In this spirit, we have partnered with the Vinton County Commissioners' Development Department and the Convention and Visitors' Bureau to create

a central office for information about the county. We believe that with

unity comes success and that with success comes a better community in which to live, work, and play. We invite you to join us in reaching this goal!
